HOLLIDAY CHILDREN

Mother's Will Upset by Appellate Division.

their grandmother, Mrs. Susan Church Holliday of 328 Lincoln place, Brooklyn, and become heirs to \$1,000,000 or more by a decision yesterday of the Appellate Division in Brooklyn. This reverses a decision by Justice Faber in Supreme Court and sets aside the expressed wish of their mother, Mrs. Read Holliday, who died in January.

Mrs. Read Holliday's will gave the custody of the children to Mr. and Mrs. Frederick Sherwood of Fanwood, N. J., and created trust funds of \$60,000 each for their maintenance until they became of age. The father of the children, who died in 1917 and his wife were estranged from the elder Mrs. Holliday.

Justice Blackmar wrote the opinion of the Appellate Division in which he said the court was convinced the best interests of the children would be served by placing them with relatives. their grandmother, Mrs. Susan Church

What the Irish Will Do With Ireland

"We will sign, it is Peace." These six words, addressed to Lloyd George, Prime Minister of Great Britain, by Arthur Griffith, head of the Sinn Fein delegation, marked the climax of Ireland's seven-hundred-year struggle for freedom. Nor was the drama of the moment lessened by the fact that they were spoken in the same room at No. 10 Downing Street in which was signed nearly 140 years ago the treaty sealing the freedom of the United States.

The Irish agreement as signed by the delegates is in the form of "a treaty between Great Britain and Ireland," consisting of eighteen articles. It gives Ireland the title of the Irish Free State, with virtually the same constitutional status as Canada, Australia, New Zealand; and South Africa. The treaty does not require Ulster's assent to make it effective, but Ulster is given the option of withdrawing within one month of the passing of the act that will confirm

Now that the Irish may have their Free State, what will they do with their state of freedom? What will the results be in politics? In economic and cultural developments? The first task that confronts Free Ireland, says the New York Evening Post, answering some of the questions which Americans, Englishmen, and Irishmen are asking, "is to make herself a united freland." The most convincing proof Irishmen can give of their ability to govern themselves is to win Ulster's acquiescence in a government of Ireland by Irishmen.

Ireland, as several writers remark, will be more than a mere new political state. George W. Russell, the Irish publicist and writer, better known as "A. E.," thinks that an Irish government will foster a knowledge of the Gaelic language and literature. On the economic side he reminds us that Sir Horace Plunkett and his colleagues of the Irish Agricultural Organization Society have "cast a new economic generalization into the minds of the Irish people."

The leading article in THE LITERARY DIGEST this week, December 17th, deals with the signing of the Treaty between Great Britain and Ireland, and presents both sides of the question clearly. It also presents forecasts, in the words of men and journals best qualified to know, of what the future of the Irish Free State will be.
